Received October 26, 2018; Accepted November 23, 2018; Epub December 1, 2018; Published December 15, 2018

In this article published in IJCEP, the running title in each page is wrong due to our negligence. The correct form is "*DNAH11* rs10248618 SNP and lipids, CAD, and IS".

The title of Table 3 in page 4589 is wrong. The correct form is "Stratified analyses of the *DNAH11* rs10248618 SNP and the risk of CAD and IS".

The title of Table 4 in page 4590 is wrong. The correct form is "Association between rs10248618 and serum lipid levels in controls and CAD and IS patients". Also in this table, the number of CC genotypes in IS patients is "313" not "374". The number of CT + TT genotypes in IS patients is "300" not "257".

In the "Discussion" section on page 4590, the sentence, "These findings suggest that the prevalence of the *DNAH11* rs12670798 SNP might have a racial/ethnic specificity" at the end of the second paragraph is wrong. The correct form is "These findings suggest that the prevalence of the *DNAH11* rs10248618 SNP might have a racial/ethnic specificity".
